August 29, 2017

Dear WCS Community,

This past June, my youngest daughter graduated from Sterling Heights High School as part of the Class of 2017. Along with her two sisters who are also alumni, she achieved this milestone with the support of so many outstanding staff members who served her during her educational career.

In addition to the great instruction she received, my daughter was provided numerous opportunities to be part of something in school. Whether it was student leadership, blood drives, school dances, or the many Friday night football games, she was always part of something in addition to her academics.

As the school house doors open in September, I encourage you to talk with your children about what they want to be part of in school or in other aspects of their lives. It is no secret that students who feel connected to school or some other positive influence in their lives do better academically.

On a related note, during the summer months, we have been busy working on the first phase of our 2016 bond projects, which have brought many new and exciting features to the district.

Except for our year round programs, all schools start **Tuesday, September 5, 2017**, with a half day in the morning for all students. Contact your child's school for specific information on bell times, bus stops, and other important information. Also, stay connected to WCS through wcskids.net or through our free iPhone/Android app on your smartphone for updates. Most important, please make sure your contact information is up to date with the school as we send emails and text messages throughout the year.

Please accept my sincere thanks for your continued support of our schools and the staff who serve your children. I remain very proud of our Board of Education for continuing to support the work we do while promoting good, strong relationships in the community.

Enjoy the rest of summer, and please know that we are ready for your children in September!

Sincerely,

Robert D. Livernois, Ph.D.
Superintendent
