Black Elementary School Annual Education Report (AER) Cover Letter

May 18, 2018

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2016-17 educational progress for the Black Elementary School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Khris Nedam for assistance.

The AER is available for you to review electronically at <https://goo.gl/AZxbji>, or you may review a copy in the main office at your child's school.

For the 2016-17 school year, schools were identified using new definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school has not been given one of these labels.

We have identified some key challenges for our school, based on M-STEP data. The data indicates that we had a lower percentage of proficiency than the state average in 3rd grade ELA and 3rd grade math, and 5th grade ELA, math, and social studies.

Key initiatives for the upcoming school year include strengthening Tier I instruction using Classroom Instruction That Works, cohesively utilizing Thinking Maps across the curriculum, and regular use of math task/journals. We will also supplement instruction for students that need Tier II and Tier III support. The actions that can be taken to address the differences in sub group achievement include: professional development in the Michigan State Standards, Title I targeted assistance, Title III ELA instruction, differentiated instruction within the classroom, free and reduced breakfast and lunch program, health and

Black Elementary School Annual Education Report (AER) Cover Letter

medical services, extended learning opportunities, literacy take-home bags, summer reading/library program, parent curriculum night, RAZ Kids, Reading A to Z, Brain POP, literacy library, Versa-tiles, guided reading, math manipulatives, small group instruction, Scholastic News, peer tutoring, Healthy Kids Club, mindfulness, Playworks, and technology integration.

State law requires that we also report the following additional information for the two most recent years:

1. **PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL**

Students are assigned to schools according to their address of residence within the district's boundaries. Parents may request another school within the District under the Open Enrollment process, however, transportation is not provided. The Board of Education has determined that it will allow nonresident students, residing within the Macomb ISD, but whose parent(s) reside in the District, and who qualify to enroll in the District through a Schools of Choice program.

2. **THE STATUS OF THE 3-5 YEAR SCHOOL IMPROVEMENT PLAN**

Our School Improvement Plan is focused on student achievement through common ELA time to allow walk to reading, focused reading tier II interventions in the classroom, training of teachers in mindfulness training, Playworks training, AVMR2 Math Recovery, Thinking Maps training, Building Healthy Communities Grant, and Classroom Instruction that Works.

3. **Warren Consolidated Schools offers several specialized programs to meet the needs of a variety of learners.**

The **Macomb Math and Science Center (MMSTC)** is an honors program for 9th – 12th grade students in Macomb County districts who are interested in advanced/accelerated mathematics, science, and computer technology. Students must apply and be selected for the program based upon placement testing and teachers recommendation. The Center's program is a half day and students attend their home school for the remainder of the day. It is located at Butcher Educational Center.

The **Middle School Mathematics Science Technology Center (MS)2TC** offers an advanced mathematics, science technology option for middle school students. Students who are accepted into the program will split their day between their home middle school, where they will take their social studies and two elective classes, and Butcher Educational Center, where they will take their mathematics, science, and English language arts classes.

Black Elementary School Annual Education Report (AER) Cover Letter

The **Middle School- School of Performing Arts (MS-WCSPA)** is an exciting, creative program that has been designed to build on the district's nationally-acclaimed, award-winning high school performing arts program (WCSPA) which is located in Sterling Heights High School. MS-WCSPA is intended for academically-focused and creative students who seek to blend their academic experience with interest in the performing arts. Students who are accepted into the program will split their school day between their home middle school, where they will take their language arts, science, and math classes, and Butcher Educational Center, where they will take their social studies and two performing arts electives. The performing arts electives will include visual arts, music, dance, and theatre exploratory experiences.

The **Career Preparation Center (CPC)** programs are open to Clintondale, Fraser, and Warren Consolidated 11th and 12th grade students. CPC programs are designed to provide students with skills to enter the workforce or continue with additional college or workplace training. Career Technical Education (CTE) classes at the CPC provide technical skills and knowledge. Students enrolled in these programs are often able to earn technical certifications as well as college credit.

Community High School is an alternative education program for high school students. The primary objective of the school is to assist enrolled students in meeting their high school graduation requirements in a timely manner. It is located at the Flynn Educational Center along with the adult **ESL program**.

Early Childhood Education is an important part of the mission and vision of Warren Consolidated Schools. A variety of early learning classrooms are housed in our elementary buildings. These programs include WCS Early Childhood Special Education (ECSE) Program, the World of Fours (grant-supported preschool program for 4 year-olds), fee-based 3-year-old and 4-year-old preschool, transitional kindergarten, and several Macomb-Intermediate School District Head-Start classrooms.

Year-round education offers many benefits for students and families such as increased student achievement and retention rates, more effective learning environment by reduced time spent reviewing, expanded enrichment and intervention opportunities for students, and expanded educational choice options for parents. Year-round education is offered at Siersma and Holden Elementary Schools.

4. Warren Consolidated Schools follows all State of Michigan curriculum guidelines. The Board of Education has adopted a core curriculum based on Michigan Curriculum Framework, Grade-Level Content Expectations/Michigan State Standards, and Michigan Merit Curriculum approved by the State Board of Education. A copy of the core curriculum may be accessed at www.wcskids.net, under Parent Resources on our school page.

SPRING*	377	89%	369	89%

*Spring conferences are held by request of parent or teacher.

Black Elementary School strives to continuously encourage students to reach their full potential. Through implementing initiatives such as mindfulness and building healthy communities while strengthening of our MTSS model, we take a whole child approach to reaching our students. We will continue to partner with families and community members to provide a positive atmosphere for motivating and challenging students in meaningful and engaging ways.

Sincerely,

Khris Nedam

Principal, Black Elementary School
