Willow Woods Elementary School Annual Education Report (AER) Cover Letter

May 18, 2018

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2016-17 educational progress for the Willow Woods Elementary School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Vera Ivezaj for assistance.

The AER is available for you to review electronically at <https://goo.gl/oa2WXZ>, or you may review a copy in the main office at your child's school.

For the 2016-17 school year, schools were identified using new definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school has not been given one of these labels.

During the 2016-2017 school year, the Willow Woods Elementary staff used the School Improvement Plan as the driving force behind classroom teaching and learning. The plan includes three 'Big Ideas' for rapid student academic growth. The 'Big Ideas' identified involve rigorous alignment of the curriculum to decrease variance, utilizing research-based instructional practices/strategies, and ensuring consistency with curriculum materials across grade levels that center on teaching and learning. The Second Big Idea is to structure time to allow for collaborative teaching and learning. Staff will accomplish these practices through on-going, job-embedded professional development, the use of a progress monitoring system, and a Data Dialogue process. The monitoring and use of student data to drive instructional practices is an on-going process utilized by staff to meet the needs of all students. The Third Big Idea is to create a purposeful school community to further

Willow Woods Elementary School
Annual Education Report (AER) Cover Letter

develop and strengthen parent involvement within the school. Through analyzing formative and summative student data, the Willow Woods Elementary School staff will implement the programs, strategies and activities outlined in the School Improvement Plan to increase student achievement.

State law requires that we also report the following additional information for the two most recent years:

1. **PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL**

Students are assigned to schools according to their address of residence within the district's boundaries. Parents may request another school within the District under the Open Enrollment process, however, transportation is not provided. The Board of Education has determined that it will allow nonresident students, residing within the Macomb ISD, but whose parent(s) reside in the District, and who qualify to enroll in the District through a Schools of Choice program.

2. **THE STATUS OF THE 3-5 YEAR SCHOOL IMPROVEMENT PLAN**

The school improvement plan at Willow Woods continues to go through yearly revisions. Our student data is examined along with our achievement data. We have obtained perception data from parents, teachers, and students about learning at Willow Woods. Our team reviews the programs that have been included in our improvement plan for impact and our new plan reflects the changes that are necessary to meet the needs of our students.

3. **Warren Consolidated Schools offers several specialized programs to meet the needs of a variety of learners.**

The **Macomb Math and Science Center (MMSTC)** is an honors program for 9th – 12th grade students in Macomb County districts who are interested in advanced/accelerated mathematics, science, and computer technology. Students must apply and be selected for the program based upon placement testing and teachers recommendation. The Center's program is a half day and students attend their home school for the remainder of the day. It is located at Butcher Educational Center.

The **Middle School Mathematics Science Technology Center (MS)2TC** offers an advanced mathematics, science technology option for middle school students. Students who are accepted into the program will split their day between their home middle school, where they will take their social studies and two elective classes, and Butcher Educational Center, where they will take their mathematics, science, and English language arts classes.

Annual Education Report (AER) Cover Letter

The **Middle School- School of Performing Arts (MS-WCSPA)** is an exciting, creative program that has been designed to build on the district's nationally-acclaimed, award-winning high school performing arts program (WCSPA) which is located in Sterling Heights High School. MS-WCSPA is intended for academically-focused and creative students who seek to blend their academic experience with interest in the performing arts. Students who are accepted into the program will split their school day between their home middle school, where they will take their language arts, science, and math classes, and Butcher Educational Center, where they will take their social studies and two performing arts electives. The performing arts electives will include visual arts, music, dance, and theatre exploratory experiences.

The **Career Preparation Center (CPC)** programs are open to Clintondale, Fraser, and Warren Consolidated 11th and 12th grade students. CPC programs are designed to provide students with skills to enter the workforce or continue with additional college or workplace training. Career Technical Education (CTE) classes at the CPC provide technical skills and knowledge. Students enrolled in these programs are often able to earn technical certifications as well as college credit.

Community High School is an alternative education program for high school students. The primary objective of the school is to assist enrolled students in meeting their high school graduation requirements in a timely manner. It is located at the Flynn Educational Center along with the adult **ESL program**.

Early Childhood Education is an important part of the mission and vision of Warren Consolidated Schools. A variety of early learning classrooms are housed in our elementary buildings. These programs include WCS Early Childhood Special Education (ECSE) Program, the World of Fours (grant-supported preschool program for 4 year-olds), fee-based 3-year-old and 4-year-old preschool, transitional kindergarten, and several Macomb-Intermediate School District Head-Start classrooms.

Year-round education offers many benefits for students and families such as increased student achievement and retention rates, more effective learning environment by reduced time spent reviewing, expanded enrichment and intervention opportunities for students, and expanded educational choice options for parents. Year-round education is offered at Siersma and Holden Elementary Schools.

4. Warren Consolidated Schools follows all State of Michigan curriculum guidelines. The Board of Education has adopted a core curriculum based on Michigan Curriculum Framework, Grade-Level Content Expectations/Michigan State Standards, and Michigan Merit Curriculum approved by the State Board of Education. A copy of the core curriculum may be accessed at www.wcskids.net, under Parent Resources on our school page.

6. Parent Participation at Fall and Spring Conferences

	Students represented by parents at parent teacher conferences			
	2015-16		2016-17	
	Number	Percentage	Number	Percentage
FALL	428	94%	387	93%
SPRING*	391	86%	370	89%

*Spring conferences are held by request of parent or teacher.

Willow Woods students and staff have worked very hard in a continuous effort to raise student achievement, and we appreciate the constant support from the Willow Woods parents and community members. We remain committed to working on the unique learning needs of our students to increase student achievement for all students.

Sincerely,

Vera Ivezaj

Principal, Willow Woods Elementary School
